E 7 When the Company Vacation Calendar Is Missing

Access level: All employees

Learn: How the plug-in view of the Company Vacation Calendar is installed.

If it is not possible to view the Company Vacation Calendar, then the browser needs to install graphic view of Scalable Vector Graphics (SVG).

Main Menu-> Company Vacation Calendar (missing)

Missing view of Company Vacation Calendar ❶.

Microsoft Internet Explorer Installation

- Go to the address: www.adobe.com/svg/viewer/install/main.html.
- Download the free SVG plug-in and follow the guide on Adobe's web page on how to install the plug in.
- It should be possible to view the company calendar after restarting Internet Explorer ❷.

Mozilla Firefox Installation

- Go to the address: http://www.adobe.com/svg/viewer/install/beta.html.
- Download the free SVG plug-in version 6.0.
- Install Adobe SVG viewer.
- Go to C:\Program Files\Common Files\Adobe\SVG Viewer 6.0\Plugins\.
- Copy the files NPSVG3.dll and NPSVG3.zip to Firefox' plug-in folder.
- It should be possible to view the company calendar after restarting Firefox ❷.

Main Menu -> Company Vacation Calendar

Proper view of the Company Vacation Calendar ❷.

Important: Adobe SVG Viewer 3.0 does not work with Mozilla Firefox and can make the browser freeze or break down. Adobe regards SVG Viewer 6.0 Build 38363 as software being developed and in the pre-alpha-phase. Please be aware that TimeLog cannot guarantee for the use of this software, but we have not encountered any problems yet.
